

# Poisons

THERE are very few farmers, nurserymen, horticulturists, etc., nowadays who don't appreciate the necessity of spraying. It has been proved that spraying improves both the yield and the quality. But spraying involves time, labor and expense, which are wasted if the poisons used are not effective. There are two poisons which you can rely on absolutely. They are carefully and skillfully made of the purest raw materials—S-W. Paris Green and S-W. Arsenate of Lead.

## S-W. PARIS GREEN

ARSENATE is the killing agent in Paris Green. There must be sufficient arsenic to kill all the insects or the Green will not be effective; but if too much Arsenic is left "free," or not fully incorporated with the other ingredients, the Green will blight or burn the foliage. There is about 3% of "free" or uncombined Arsenic in S-W. Paris Green. S-W. Paris Green contains 36% of arsenious oxide. It is light in gravity and will stay well in suspension in the spraying can, providing a uniform mixture that will not readily wash off the foliage. The economy of S-W. Paris Green lies in the purity of the ingredients, the strength of the poisons and the skill of the manufacture.

## S-W. ARSENATE OF LEAD

SHERWIN-WILLIAMS Arsenate of Lead is made by a new process which renders it the most effective and economical insecticide on the market. It is manufactured from a finely divided barium base and is prepared in a form that is easy to use. It conforms to Government specifications in every respect, and in order to keep it always in a condition easily worked up for use, we do not press out all the moisture as do most other makers. We market specifications, which demand 90% dry arsenate of lead, we ship 100% for every two pounds involved. Our lead in this form is also more effective, pound for pound, than that put up in the stiff paste form in which it is usually sold. Our free booklet S-W-3 contains full information on Arsenate of Lead. Write for it.

## Young Housekeepers

If you are about to buy a refrigerator, take our advice and give the matter of selection great care, for there are many things that depend upon your choice. First, your health; select a refrigerator that can be easily cleaned and is so constructed that there is very little chance for any dirt to collect in it. Second, economy; some refrigerators fairly eat ice, others keep it for the maximum length of time. There are other reasons almost equally as important.

See our stock and we will point out to you how to choose.

## SPORTS

BY V. L. STEVENSON.

### Military Athletic Meeting Arranged

It was decided at a meeting of the Military Athletic Association, which was held on Saturday, that the united branches of the service should hold a field-day on November 27.

There was a fair muster of those interested in the scheme and much enthusiasm was shown in the matter. Thanksgiving Day was at first suggested as a suitable date, but it was soon remembered that another meeting was in the air for that day.

Consequently Saturday, November 27, was selected and it seems to be a good choice.

After some talk a prospectus, setting forth the aims of the association was produced. The document clearly states what the object of the association is and goes to encourage sport among the Military people.

To show how earnest the different branches of the Service are in the matter, a committee proceeded, as soon as the meeting was over, to select a beautiful cup as a perpetual trophy for the winning team.

It was decided that points would count: five, three, and one, for first, second and third in any event.

Winners will receive medals in token of their victories, and the date and nature of the event will be inscribed thereon.

**Schedule of Events.**  
The events proposed for this first meeting are:

Track events—Fifty, hundred, two hundred, four hundred and eight hundred yard dashes 120 low hurdles and 22 high hurdles.

Field events—High jump, standing broad jump, running broad jump, sixteen-pound shot put, sixteen-pound hammer throw, baseball throw and tug-of-war.

The Artillery and Engineers are not in a position to become regular members of the organization but all members of these branches of the service will be invited to compete in the events if they can arrange to do so.

The four branches of the service now included in the association are: the Marines, represented by Captain Campbell; the Fifth Cavalry, represented by Lieutenant Groninger and Captain Quinlan; the Twentieth Infantry, represented by Lieutenant Bowen, and the National Guard, represented by Colonel Jones. The president is Colonel Jones, the vice-president is J. O. Carter and Lorin Andrews is secretary.

### Goldsmith's Ball Games Are Good

In the Goldsmiths series, the Seals yesterday defeated the Sunlights by a score of 5 to 4. The second game was between the C. A. A. and Kukui and was won by the former nine by the big margin of 11 to 4.

The games were played at Aala Park, and a big crowd of fans rolled up to see the play. The games usually start at 9:30 o'clock, but in the future a later start will be made and 11:30 has been named as the starting time.

The second game will be put under way at 1:30 o'clock, and will serve as a preliminary to the games of the Riverside championship, which are to be played every Sunday at 3:30 till the championship is decided.

Much interest is being taken in the Goldsmiths League, and as the play is always good the usual crowd of fans will be sure to attend every Sunday.

### SHORT SPORTS.

There was another exhibition of how not to run a horse race on Saturday last at Kaplani Park. Lady Bernice and Sunrise were the supposed competitors, but there was no proper race as one horse was left at the post for a while, and on the other jockey returning towards the starting place to line up again, the frozen one came to life and dashing off at a fast clip won easily.

There was an interesting race between a sea wren and a skiff yesterday, when the Galloping Mary and the Pearl competed on the harbor inside course. The object of the race was to see how the ballast proposition worked out. The wren had 250 pounds of pig iron on board, and the skiff had a crew of four who weighed altogether about 450 pounds. The race to the spar buoy and back proved that the wren was the faster of the two boats.

### Second Series Of Oahu Ball League

There was a big gathering of baseball fans at the Athletic Park yesterday afternoon, when the opening games of the second series of the Oahu League were played.

The first game between the J. A. C. and C. A. C. pines resulted in the Chinese just managing to escape being whitewashed.

The J. A. C. bunch made 3 in the fifth, and 2 in the seventh, and up to the ninth inning it looked as if the C. A. C. would be shut out.

However in the last half of the ninth the C. A. C., through the brilliant play of Sing Chong, managed to make one run, and saved the whitewash act.

With the exception of the C. A. C., every team in the Oahu League has been whitewashed in at least one game.

Yesterday it looked as if the Chinese would surely join the majority as far as the shut out business is concerned but, at the last moment, they saved their bacon.

On account of Clarke not pitching for the Kalihis in the second game, the Marines were thought to have a snap.

But after the half-wets had made one in the second, the Kalihis came through with one in the fourth, and 4 in the fifth, and led by a score of 5 to 1.

Gibson and Anderson did good work up till the fifth, when a couple of wild pitches and a passed ball, together with a general airship act by most of the Marine nine, allowed the Kalihis to make a quartet of runs.

In the sixth the Marines managed a score two runs through the agency of Hayes and Gibson. The score now stood at 5 to 3 in favor of the Kalihis, and Eddie Fernandez, who was managing the team, began to look a little worried.

However, the Marines were not fated to beat the Kalihis yesterday, and in the seventh inning the Kalihis again scored—Shepherd doing the trick. In the second half of the seventh the Marines also scored. Hines getting home safe.

With the score 6 to 4 and the Marines improving, the game looked fairly open, and when the half-wets added one more to their total in the ninth, the excitement was intense. It looked as if a tie might be made and people began to think of that other remarkable game of nineteen innings which resulted in a tie owing to darkness setting in.

But the Marines could not do the trick and the one run in the ninth was their last effort, the game ending 6 to 5 against them.

Walker for the J. A. C. made a remarkable throw when Hoopi, in trying to throw to second, went wild away down to the centerfield. Hang Chack was racing home from third and seemed certain to score, but Walker, with a mighty heave, threw the ball straight and true to the catcher, who got Hang Chack before he could get home. It was one of the most wonderful of throws and Walker well deserved the cheers that greeted the performance.

The official scores were as follows:

J. A. C.  
1 2 3 4 5 6 7 8 9  
Runs ..... 0 0 0 0 2 0 2 0 5  
Base hits ..... 1 0 0 1 1 3 3 0 7

C. A. C.  
1 2 3 4 5 6 7 8 9  
Runs ..... 0 0 0 0 0 0 0 0 1  
Base hits ..... 0 0 1 1 0 0 2 0 5

Two-base hit, Ross; sacrifice hits, Che Bul, Ah Toon; left on bases, J. A. C. 2, C. A. C. 5; first base on errors, J. A. C. 3, C. A. C. 1; struck out, by Espinda 12, by Apau 3; bases on balls, off Espinda 2, off Apau 3; passed balls, Hoopi, Che Bul, Umpire, McHenry. Scorer, N. Jackson. Time of game, 1:37.

KALIHIS.  
1 2 3 4 5 6 7 8 9  
Runs ..... 0 0 0 1 4 0 1 0 5  
Base hits ..... 0 0 0 1 1 3 3 0 5

MARINES.  
1 2 3 4 5 6 7 8 9  
Runs ..... 0 1 0 0 0 2 1 0 5  
Base hits ..... 0 1 0 0 1 2 0 1 5

Sacrifice hit, Thompson; left on bases, Kalihis 6, Marines 7; first base on errors, Kalihis 4, Marines 6; struck out, by Kaipo 7, by Gibson 10; bases on balls, off Kaipo 1; wild pitches, Kaipo, Gibson; passed balls, Moses (2), Anderson (2); Williams, Umpire, McHenry. Scorer, N. Jackson. Time of game, 1:32. Attendance, 1,500.

Jack Robinson, who is well known to local fight fans, is travelling with Battling Nelson and may take a trip to Australia with the literary light.

Joe Selger, of Denver, who recently fought a fast draw with Tommy Cane, will meet Joe Hirst at the new Philadelphia Club.

### Angus Wins Manoa Cup Tournament

Yesterday at the Country Club, George Angus won the Manoa cup from a good lot of golfers who put up some fine scores. Austin White was the trophy twice and has had the cup in his possession for a long while. Angus, however, has taken it from him and will hold it till next year, when it will be played for again.

It was an ideal day for golf and a cool breeze made things pleasant for the players. Lunch was served at the club house and a large number of members availed themselves of the opportunity to refresh the inner man.

Angus was in fine form and surprised everybody by the score he put up in the competition. Most people were watching Gill and Austin White and thought that those two players were the only ones in the running for the cup.

Angus, however, had made the best score for the first half—65—and followed it up with 78 in the second, making a total of 143, which was no less than 12 better than his next nearest opponent.

Gill was 11 behind White, and Edmunds was fourth, five strokes worse than Gill. Angus, who before the present competition, used to play with a handicap of 6, has now been put on the scratch mark, and J. G. Rothwell, who won the consolation prize yesterday with a score of 78, has also had his handicap changed from 27 to 20, owing to the good form he showed.

The whole day at the Country Club was enjoyable and the large number of players who turned out had a really good time. The next event of importance at the Country Club will be the foursome, which will take place on November 25.

The full scores in the Manoa cup tournament were:

	1st 18	2nd 18	Total
George Angus	65	78	143
Austin White	65	83	148
T. Gill	67	81	148
C. E. Edmunds	63	86	149
O. L. Sorenson	107	81	188
W. H. Jabbitt	99	99	198
A. M. Jordan	105	96	201
S. G. Wilder	103	104	207
H. A. Wilder	116	93	209
J. A. Wilder	114	96	210

### Five Good Men To Run Ten Miles

Now that the ten-mile race is almost a certainty people are beginning to dope out the chances of the different men in the contest. With Jackson, Teukamofo, Corderio, Kato and Charlie in the race, there can be no doubt that a fine exhibition of running will be given, and that the time put up by the winner will be better than the present Hawaiian record of 1 hour and 7 minutes.

Anyone who saw the race over the ten miles course between Kato and Teukamofo, must be hankering to see the two brought together again. Then Corderio ran such a good race that he must be given a fine chance of beating all the cracks.

Jackson, although defeated in the last ten miles race, must be given a chance in the coming event, and as he is in better form now than ever he was, it would surprise nobody to see the long-distance champion outstrip the star ten-milers.

Then game little Charlie, who paddles around the track at the same even gait, and seems to be always smiling as he passes the grandstand, will make some of the faster men wonder what they are up against when they see him still running strong when they are feeling all to the bad.

The ten mile idea is a good one and people can drop in and sit in comfort for an hour or so, whereas the thought of equating for four hours while an uninteresting Marathon is being run, is "away off" to most people.

The Athletic Park people have made a very fair offer as regards gate money, and the pros can hardly do better than accept. The matter will be finally settled some time today, and there seems to be no doubt but what the offer of the Park people will be accepted.

The Aalas forfeited their game to the Kewalo yesterday owing to the Aalas not having a full side. This gives the championship of the second series of the Riverside League to the Kewalo. The Kewalo A. C. has to meet the Aalas, the champions of the first series, in the best two out of three games for the championship of the league for 1939. The first game is to be played at Aala Park on Sunday next.

There will be some fun at the Princess rink tomorrow night when an obstacle race will take place. All sorts of obstacles have been arranged, and the climbing through empty barrels will be a funny stunt.

Bobby Williams visited a hospital after his mill with Benny Kaufman and learned that he has a fractured rib. This will put Bobby out of the game for at least three weeks.

One prominent amateur athlete was bewailing the fact that his "manager" was not a good enough business to get him good "expense money." It is to laugh.

### Oahu Juniors Are Playing Well

At the Athletic Park yesterday morning the Oahu League Juniors played two games of baseball. The first, between the P. A. C. and the C. A. C. ended in favor of the former by a score of 4 to 2. Joe Furtado did the pitching for the Portuguese nine and handed out a good brand of ball.

The second game was between the Mu Hock and Asahi, and, after a close and exciting struggle, the former team won by a score of 8 to 7. Wah Kai did the twirling for the Mu Hocks and pitched a heady game. Chinito did likewise for the Japanese.

There was a large crowd of fans, and the games were much enjoyed. The rooting was immense at times, and the enthusiasm ran high when the Mu Hocks and Asahis were tied. The standing of the Juniors is as follows:

	P.	W.	Pct.
P. A. C.	3	3	1.000
Mu Hock	3	2	.666
C. A. C. Jr.	2	0	.000
Asahi	2	0	.000

### Preparations For World's Series

PITTSBURGH, Sept. 23.—Disregarding the protests of Manager Fred Clarke against shouting before out of the woods, Barney Dreyfuss, of the Pittsburgh team, has decided that Pittsburgh has won the National League championship, and has sent for contracting carpenters and ordered them to rush specifications for 15,000 additional seats in Forbes Field for the world's championship, which will bring the seating capacity up to 50,000—larger than any other park in the United States.

Dreyfuss has also requested of the National Commission that it fix prices for the world's championship games as soon as possible, and he suggests that, owing to the large capacity at Forbes Field, the rates should be reduced here. Last year at Chicago some of the boxes were \$3 and the balance all \$1.50. Reserved seats in the grandstand were \$2, grandstand admission \$1.50 and general admission \$1. At Detroit the prices were: Boxes, \$2.50; grandstand, \$2; pavilion, \$1.50; and general admission, \$1.

The omission has already gone on record as favoring making the prices for the 25-cent bleachers 50 cents for the world's series.

President Dreyfuss believes that this is a move in the right direction, and believes that, as Forbes Field has a larger capacity than any other in the world, the grandstand prices should also be reduced here. In cities where the stands are smaller it would not be fair to the players to make a reduction in these seats.

### Ketchel To Go Abroad And Box

Stanley Ketchel is going abroad. Willis Britt announces that he will take his charge across the pond, and show the Londoners what a real fighter looks like says an Exchange. Willis will make a tour of the Continent that will take in Ireland, Wales, France and even Denmark, if he hears the least sign from the call of the wild.

Copenhagen is "all het up" over the game since her two mighty sons, Battling Oscar Nelson and Fighting Dick Nelson made good in America. Britt says not a word about Langford. Sam must be reckoned with, or else Ketchel will be accused of having too much respect for Langford's particular style of battle. Ketchel has said, however, that he will never fight Langford if he wins from Johnson during Portola Week.

Ketchel, like a great many of the big guns in Flatlands, deprecates the fact that a negro ever got the chance to win the title. John L. Sullivan was the man who made that barrier popular. In his day a black man had no standing with a heavyweight champion. That was John's pet idea, and he never jumped over the traces, perhaps saving himself a whaling at the hands of that wonderful black warrior, Peter Jackson, Jim Corbett had the luck on Peter in this respect.

Sam is too good a fighter to be tossed into the discard. The title belongs to the man who is the class of the heap; despite what old roly poly Jawn L. might have thought of it.

The right name of Pitcher Kull is said to be Kolenski. No one will bother about that if Mack's young twirler can only pitch it.

Johnny Grim, a brother of the "Italian Iron Man," declares that Joe will be home from Australia in four weeks.

### Boy Champion Beats All Corners

CHICAGO, Ill., Monday.—Western golfers are wondering how it all happened. To have an eighteen-year-old boy step in and stow away the championship of the West at Homewood was not taken into the prior reckoning. But it must be said, and all golfers admit the fact, that "Chick" Evans, of Edgewater, won entirely on his merits. He played title-winning golf and eliminated his opponents. That's all that is left to be said.

"Chick's" victory has given a great impetus to the game among the youngsters. He has shown what a youth can do when opposed to men older than himself. It is true that the heavier part of the burden fell on the other finalist, Albert Seckel of Riverside. He met and defeated two experts like former Champion D. E. Sawyer, of Wheaton, and "Ken" P. Edwards, of Midlothian, last year low score qualifier at Rock Island. But Evans was good enough to conquer Seckel in turn. He has done so almost every time they have met.

With his new title, the second in importance in amateur golf in this country, added to his string, Evans may well lay back and smile. His rise to the supreme heights has been one of gradual growth. He really started out a couple of years ago by winning the Edgewater open tournament. That year he also captured the Intercollegiate, Western Junior and Chicago championships. All four of these events were taken by him last season also, and he added to his laurels by scoring two 72s in a day at Onward during the Mayflower week for a total of 114.

This season he won the Edgewater tourney for the third time, but was unable to complete in the Intercollegiate owing to a severe illness. He intends to play in many open tournaments during the rest of the year, including the national at Wheaton. He will, moreover, try to win the city title for the third straight time and the trophy which goes with it. His collection of emblems is rapidly growing to the size of that owned by H. Chandler Egan, former national and Western champion.

NEW YORK, Sept. 18.—After a conference with Sheriff Foley, Johnny Oliver, manager of the Polo A. C., called off the hounds that were scheduled to be held last night. The Sheriff explained to Oliver that it would be better policy on the part of the club not to hold bouts so long as there is any discussion such as has followed the sailing off of the Ketchel-Langford bout, and Oliver agreed with him.

In calling off the hounds Manager Oliver followed out the policy that obtains among all of the local clubs. They have decided that the proper thing to do is to wait until some authoritative decision as to the legality of the procedure and rules of boxing clubs in this city is given.

Harry Lewis was a great success at Atlantic City, according to a postcard received by one of his friends. Harry was singing "Singing Bird" on the Boardwalk, and had to repeat the chorus several times.

### "HARVEST HOME" A GREAT SUCCESS

The "Harvest Home" at the Salvation Army Saturday evening, at which there was a display of gifts and contributions for the benefit of the cause, proved attractive and there was a good crowd present. Last evening's program of music by juniors and young people was well received and appreciated. This evening the Army's special effort of Harvest Festival will conclude by an auction sale of goods at the Army hall, corner King and Nubian streets. There will be on sale fruit, jams, jelly, ice cream and cake, fancy work, souvenirs, shoes, hats, neckties, etc., etc. The sale will begin at 7:30 this evening.

### RAILROAD SHOPS SALE NOT IN CONTEMPLATION.

Mr. F. M. Swanzy, managing director of Theo. H. Davies and Co. Ltd., and president of the Honolulu Iron Works Co., arrived in Hilo on Monday. He told the Herald that it was an absolute coincidence that Mr. Kopke, Mr. Dyer and himself had met here and that the idea of the Iron Works purchasing the machine shops of the Hilo Railroad was no nearer completion than it ever had been. It was true that it had been talked about months ago but that was all, but it was not being discussed at the present time.

As a matter of fact there is not business enough here at present to warrant the Iron Works in establishing a branch here, though there may be when the Railroad extension is opened through to Kukuhae, and there undoubtedly would be after the completion of the Breakwater.

Superintendent Filler of the Hilo Railroad was equally positive on Tuesday that there was nothing doing in the line of the Tribune's story about the sale of the road's machine shops to the Honolulu Iron Works or to anybody else.—Herald.
